

# Transport

## On your own

If you are traveling to HKIS Tai Tam Campus on your own you ask to be dropped off at the Middle School entrance. Please note that taxi drivers occasionally drop passengers at the High School entrance by mistake. If this happens just follow the signs for the Middle School which is only a few minutes walk away through the campus

## Official Conference Buses

On the main conference days buses will travel to and from the conference venue from the official conference hotels as well as Admiralty MTR and Central Ferry Pier 3. Bus capacity was determined by your preferences at registration. You are welcome to ride the bus if you didn't express a preference but priority goes to those that did.

For the tours and pre-conferences, buses will pickup and drop off delegates at designated locations. It is your responsibility to get too and from these locations. In most cases you can walk or get an inexpensive taxi to/from your hotel or desired transport hub.

Be at the bus stop a few minutes early. Depending on prevailing traffic conditions buses may arrive later than advertised but they will not wait for passengers.
